## Working Agreement EDO Ce - Dream Team

# We will ...

- 1 Keep it SIMPLE !
- 2 Be transparent
- 3 Work as a team
- 4 Not be afraid 2 fail or ask 4 help
- 5 Value work:life balance
- 6 Value continuous learning
- 7 Steward our guardrails
- 8 Enable working groups
- 9 Optimize all meetings
- 10 Stimulate an Agile mindset
- 11 Stimulate a Kanban mindset
- 12 Stimulate a DevOps mindset

### Optimize meetings

Add and receive value or drop off Finish T-5 minutes early by Meeting free Friday by No agenda or purpose, no meeting No TLA (three lettered acronyms) or jargon

Take notes and share them with actions

Individuals and interactions over processes and tools

Working software over comprehensive documentation

Customer collaboration over contract negotiation

Responding to change over following a plan

### Kanban mindset

Visualize work Limit work in progress Focus on flow – identify inefficiencies & waste Continuous improvement Pull and focus on finishing, not starting

#### O DevOps mindset

www.donovanbrown.com/post/what-is-devops

DevOps is the union of **people**, **process**, and **products** to enable continuous delivery of value to our end users.

**Improve beyond the limits of today's processes** - strive to always innovate and improve beyond repeatable processes and frameworks.

**No new silos to break down silos** - inspire and share collaboratively instead of becoming a hero or creating a silo.

**Feedback from stakeholders is essential** - focus on our stakeholders and their feedback rather than simply changing for the sake of change.

Knowing your customer means cross-organization collaboration - measure performance across the organization, not just in a line of business.

**Inspire adoption through enthusiasm** - promote a culture of learning through Lean quality deliverables, not just tools and automation.

"Enable and encourage everyone's creativity, passion, purpose, and strengths" - WS
